Student Interactions

 **397**
distinct students

 **120**
different courses

- **1,323** Individual Tutoring Sessions
- **75** Workshop Participants
- **21** Study Group sign-ins
- **14** STEM hub sign-ins

Student Satisfaction Survey Results

94%

of respondents were
extremely or mostly satisfied
with their tutoring
experience

91%

of respondents indicated
that they learned
something new during their
session or received support
that will help them with future
learning

Semester Highlights

- Our staff facilitated 6 workshops and class visits.
- Tutors hosted 8 weekly sessions of The Office, our academic accountability groups.
- Tutors offered regular study groups for 5 different courses including Art History, Logic, and Keyboard!
- The TWC collaborated with faculty in Chemistry and Biology to offer drop-in support in the new STEM hub in the Bush Science Center.

The Tutoring and Writing Center (TWC) provides all students in the Rollins community with access to responsive peer educators and resources that support their development as effective, independent learners.
