

## 2010 - 2011 EARLY DECISION AGREEMENT

**The Rollins Early Decision program is for students who have decided to make Rollins their first choice.** Two rounds of Early Decision are offered. Students who wish to be considered for Early Decision Round I must have a completed application on file by **November 15**. Students who prefer Early Decision Round II must have a completed application on file by **January 15**. Admission decisions are mailed two to four weeks after the application deadlines.

We strongly recommend you consider Early Decision if Rollins is your first-choice college. Students accepted under the Early Decision program will have several advantages:

- Notification of the admission decision by mid-December (Round I) or early February (Round II)
- Priority in merit scholarship and financial aid consideration

Once accepted, Early Decision candidates are expected to submit a \$500 non-refundable deposit and withdraw applications to other colleges.

### **IF YOU ARE APPLYING AS AN EARLY DECISION CANDIDATE, PLEASE READ AND SIGN THE FOLLOWING:**

***Rollins College is my first-choice college, and I would like to be considered for Early Decision admission. Since Rollins is my first choice, I will withdraw any applications to other colleges and enroll at Rollins if I am accepted under this program.***
