HONORS IN THE MAJOR FIELD DECLARATION OF INTENT

Honors in the Major Field provides for independent research or special study during the senior year supervised by a three-member committee in the student’s major department and selected by that department. To be eligible to participate, students must:

1. Achieve a minimum overall GPA of C+ (2.33) for all courses at Rollins.
2. Achieve a minimum overall GPA of B+ (3.33) for all courses taken in the major field at Rollins.
3. Receive the endorsement of his/her committee for participation in the program.

Satisfactory performance of an approved thesis or individual project, successful completion of an oral examination, and maintenance of the grade point averages stated above qualify a student for Honors in the Major Field, which is shown on the student’s transcript. Project proposal forms are available on the Student Records website.

Student’s Name: ________________________________ Rollins ID No.: ________________________________
Local Phone.: ________________________________ Box: _______ E-Mail: ________________________________

I understand that I must meet the criteria outlined above to participate in the program and to receive Honors in the Major Field at graduation.

Student’s Signature: ________________________________ Date: ________________________________

The members of my committee are:

1.) ________________________________
2.) ________________________________
