

The MPH program is a 48 credit hour lock-step curriculum that begins in the fall semester.

Students will be required to complete a sponsored practicum (internship/fieldwork experience). Students may register for this experience at any time following the successful completion of the first semester with permission from the program director. The Practicum must consist of a total of 4 credit hours that may be completed during one semester or over the course of multiple semesters.

	Complete (✓)	Course	Hours
FALL	<input type="checkbox"/>	<b>HSA 515</b> Principles of Health Services Administration	4
	<input type="checkbox"/>	<b>MPH 510</b> Basic Research Methodology	1
	<input type="checkbox"/>	<b>MPH 520</b> Health Promotion and Disease Prevention	4
