## **We Ready!!**

*by Asst Director Jessica Maner*

As we look forward to our first in-person session on February 13th, we want to update you on some sessions and procedures that will take place.

Your safety is our top priority as we make plans to come back to in-person. Every Saturday temperatures and health conditions will be checked prior to students entry into class. Session will go back to the normal time from 8-1pm and stipends will return to \$10.

There will be a sign-up to be on campus. It is the expectation of the program that students who do not attend session in-person are still logged in virtually.

We are excited for your return to campus.

# Weekly Activities

Although January has not turned out quite the way we expected the first couple of weeks of the New Year, we still made the best of it with our students hosting a series of different activities that were sure to get our Upward Bound students back into the swing of things.

Our Just Chili event allowed students the perfect opportunity to practice their culinary skills. It was the perfect "Florida" winter day. Students shared their personal cooking styles and favorite winter meals.

We watched along with the rest of the country as history was made on January 20, 2021 as the first woman of color took the office of Vice President of the United States. Students participated in virtual activities to share their thoughts and their reactions to the days events.

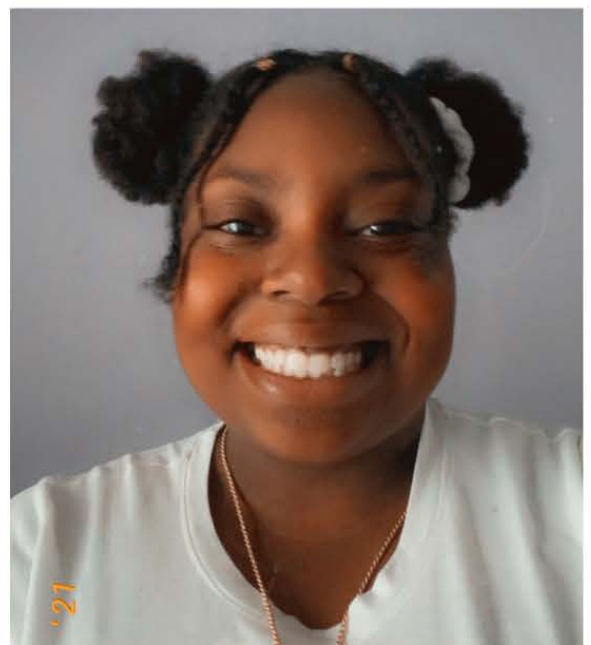

Students tested their knowledge during Trivia Night on the Topics of Sports and College Admissions. Congrats to our winners Charlize Darroux and Waneysha Louissaint.

# MLK Jr. Celebration

Ever year the Upward Bound Program partners with the Center for Inclusion and Campus Involvement to pay tribute to Martin Luther King Jr. and his legacy. The Center host a spoken word contest and the winner gets to perform their piece before their peers and the Rollins Community.

This year Sophomore Kianedria Washington won the contest and performed her piece. Congrats to Ms. Washington for winning the contest and expressing your gratitude for Dr. King and all of his accomplishments.

# Tutoring

We now offer tutoring to students during the week in Math, History and Science in addition to the 24/7 online service through tutor.com

Students who received a C or below on a core subject are **REQUIRED** to complete 6 or more hours of tutoring until grade satisfaction is met.

Please email [jmaner@rollins.edu](mailto:jmaner@rollins.edu) with any questions or concerns.

# Weekly Check-ins

We want to hear from you! Be sure to schedule your weekly check-ins with Ms J and Ms. Kim.
