Undergraduate students may take courses abroad on any Rollins Approved Semester Program or non-Rollins summer or semester program and they will appear as transfer credits on the Rollins transcript.

- Students must secure approval of specific courses prior to enrollment at another institution. **Completing this form does not constitute registration at another institution.**
- Grades earned abroad on Rollins Approved Semester Programs will display on the Rollins transcript as letter grades and will factor into the student’s Rollins GPA. Grades earned on non-Rollins programs will display on the Rollins transcript but will not factor into the student’s Rollins GPA. Academic credit for courses taken on non-Rollins programs is given only if a grade of “C-“ or better is earned.
- Credits are awarded in semester hours. Rollins will translate international grades and credits to Rollins equivalents. In order to receive credit, students must arrange to have an official transcript sent directly from the study abroad program to the Office of International Programs after grades have been posted.
